

## INTERLOCKING STEEL CROWD CONTROL BARRIER WITH FLAT FEET, 2,5M

Heavy-duty steel barriers with flat feet for enhanced stability, perfect for concerts, festivals, and public events.

**SKU:** 1002342 | **Categories:** [Crowd Control Barriers](#)

## PRODUCT DESCRIPTION

Our interlocking steel crowd control barriers with flat feet provide superior stability, making them the ideal choice for concerts, festivals, and large-scale public events. The flat feet ensure secure footing on any surface, preventing tipping or movement even in crowded conditions.

Constructed from high-quality galvanised steel, these barriers are designed to withstand heavy use and harsh weather conditions, offering long-lasting performance. The interlocking system allows for quick and secure assembly, while the lightweight design makes transport and repositioning straightforward, ensuring maximum efficiency for event organisers.

Whether you're managing large crowds or securing event perimeters, these barriers provide a reliable and durable solution for creating safe and organised spaces.
