

PRIVACY SCREENS FOR TEMPORARY FENCE PANELS, BLACK

Durable black privacy screens designed for 3.5m x 2m temporary fencing panels, providing security and privacy for events and VIP areas.

SKU: 1000036 | **Categories:** [Temporary Fencing](#)

PRODUCT DESCRIPTION

Our privacy screens are specifically tailored for [3.5m x 2m temporary fence panels](#), offering an elegant and effective solution for privacy and security at events, festivals, and VIP sections. Available in both black and white, these screens act as visual barriers, making them perfect for backstage areas, production zones, and restricted spaces.

Constructed from durable, weather-resistant fabric, the screens attach securely to standard fence panels, providing privacy and protection from wind. The neutral colour options allow them to blend seamlessly with any event setting, making them a practical and versatile addition to your temporary fencing setup.
