

MODULAR RED FLOOR WHEELCHAIR CABLE RAMP, FEMALE

The Modular Red Floor Female Wheelchair Ramp provides accessible crossings for cable ramps, ensuring safe mobility for wheelchair users in high-traffic areas.

SKU: 1012423 | **Categories:** [Cable Ramps and Protectors](#)

PRODUCT DESCRIPTION

The Modular Red Floor Female Wheelchair Ramp provides a reliable and accessible solution for wheelchair users, ensuring smooth and secure crossings over cable ramps in busy environments. Designed to integrate seamlessly with the Modular Red Floor 3 and 5 Channel Centre Cable Ramps, this ramp ensures safe mobility for events, construction sites, and industrial applications.

Constructed from durable, heavy-duty materials, the ramp supports the same high loads as the cable ramps, providing stability for both pedestrians and vehicles. Its modular design ensures quick and easy installation, enabling the ramp to form part of a complete, accessible mobility solution for any setting.

Ideal for creating safe and inclusive environments, the Modular Red Floor Female Wheelchair Ramp combines durability, accessibility, and ease of use.
